# Economics as an Agent-Based Complex System

Toward Agent-Based  
Social Systems Sciences

With 91 Figures

Springer

# Contents

Preface

## Chapter 1

### Systems Description and Models in Economics

Purpose of This Chapter	.....
1.1 A Systems Description of Economics Systems	.....
1.2 Paradigm Shift	.....
1.3 Conception of This Book	.....
1.4 Methodological Issue	.....
1.5 Three Types of Realities	.....
1.6 Beyond the Systems View of Natural Science	.....
1.7 An Epistemological Framework for a Poly Agent System	.....

## Chapter 2

### Mathematical Research of Evolution and Structural Change

—*Social Learning Dynamics and Its Bifurcation*—

Aim of This Chapter	.....
2.1 Structural Change and Bifurcation in Social Sciences	.....
2.2 Game Theory and Evolutionary Games	.....
2.3 Social Learning Dynamics	.....
2.4 Asymmetrical Social Learning Dynamics	.....

## Chapter 3

### A Social and Organizational Learning Model of Decision Making

—*Application of SLD and Agent Based Simulation*—

Purpose of This Chapter	.....	25
3.1 Indirect Control	.....	25

3.2 Norm Formation, Mutual Commitment and Structural Change . . . . . 28

3.3 Social Learning Dynamics of the Norm Game . . . . . 30

3.4 Centralized and Hierarchical Commitment and Support . . . . . 35

    3.4.1 Type of Commitments . . . . . 35

    3.4.2 Educational Effect and Supporting Commitment . . . . . 36

3.5 The Historical Change of Social Commitment Structure . . . . . 39

3.6 Commitment and Learning Rationality . . . . . 41

**Chapter 4**

**The Tragedy of the Commons and Its Agent Based and Gaming Modeling.**

Aim of This Chapter . . . . . 43

4.1 Gaming Simulation and ABM . . . . . 43

4.2 Environment Management Gaming . . . . . 44

4.3 How to Play Environment Management Gaming . . . . . 45

4.4 The Facilitator's Guide of Environment Management Gaming . . . . . 47

    (1) Purpose of the Facilitator's Guide . . . . . 47

    (2) Assumption . . . . . 48

    (3) Preparation of Gaming . . . . . 48

    (4) Reproduction Rate . . . . . 48

    (5) Gaming Termination . . . . . 51

    (6) Institutional Design . . . . . 52

    (7) Debriefing . . . . . 52

4.5 Human Gaming Simulation of the Commons . . . . . 52

4.6 Agent Based Simulation and Classifier . . . . . 54

4.7 Agent Based Simulation of the Commons . . . . . 56

4.8 Agent Based Simulation of the Commons . . . . . 58

    4.8.1 Agent Based Simulation and Fact Finding . . . . . 58

    4.8.2 Change of Value . . . . . 58

    4.8.3 Tax and Subsidy as Institutional Mechanisms of Agent Society . . . . . 60

    4.8.4 Random Strategy and Docking Method . . . . . 64

**Chapter 5**

**State Space Complexity and Exchange Algebra**

Purpose of This Chapter . . . . . 67

5.1 Introduction . . . . . 67

5.2 Axiomatic Foundation of Economic Exchange . . . . . 70

5.3 Exchange Algebra . . . . . 84

    5.3.1 Concept of Exchange and Economics . . . . . 84

    5.3.2 Redundant Algebra . . . . . 84

    5.3.3 Exchange Algebra . . . . . 88

5.4 Concluding Remarks . . . . . 94

## Chapter 6

## The National Economic Field and Algebraic Reconstruction of SNA

Aim of This Chapter. . . . .	95
6.1 The Virtual Economy. . . . .	95
6.2 The Structure of Economic Field and SNA. . . . .	96
6.3 Classification of Transactions. . . . .	100
6.3.1 Introduction. . . . .	100
6.3.2 Main Decision Making. . . . .	103
(6.3.2.1) [Price[e](t): Decision Making]. . . . .	103
(6.3.2.2) [Material Purchase, Production, Selling: Decision Making]. . . . .	103
(6.3.2.3) [Equipment Investments: Decision Making of Buying Machinery]. . . . .	106
(6.3.2.4) [Employment: Decision Making for Wages and Numbers in Employment]. . . . .	106
(6.3.2.5) [Financing: Decision Making]. . . . .	107
(6.3.2.6) [Financial Parameters: Decision Making]. . . . .	110
(6.3.2.7) [Government: Policy Making]. . . . .	110
6.3.3 Accompanying Decision Making. . . . .	110
(6.3.3.1) [Government Production and Consumption]. . . . .	110
(6.3.3.2) [Household Consumption Expenditure]. . . . .	110
(6.3.3.3) [Depreciation and Scrapping of Equipment]. . . . .	110
(6.3.3.4) [The Adjustment of Value Added Depending on the Change of Product Stock Price]. . . . .	111
(6.3.3.5) [Income Transfer by the Payment of Interest and Tax]. . . . .	112
(6.3.3.6) [The Issue and Redemption of Central Bank Notes]. . . . .	114
(6.3.3.7) Transfer Transactions. . . . .	114
6.3.4 Bottom Up Construction of Macro Economic Variables. . . . .	127
(6.3.4.1) [Sector-Deposit: $S(\text{co})$ ]. . . . .	127
(6.3.4.2) [Sector-Investment: $I(\text{co})$ ]. . . . .	129
(6.3.4.3) [Sector-Value added: $Y(\text{co})$ ]. . . . .	131
(6.3.4.4) [Sector-Consumption: $C(\text{co})$ ]. . . . .	131
(6.3.4.5) [Sector-Export & Import: $EX[e](\text{co}), IM[e](\text{co})$ ]. . . . .	131
(6.3.4.6) [Macro National Economic Variables]. . . . .	132
6.4 National Economic Field: Aggregation. . . . .	132
6.5 National Economic Field and Bottom Up Reconstruction of SNA. . . . .	134
6.5.1 Sector-National Economy Field: Flow Quantities. . . . .	134
6.5.2 Sector-National Economy Field: Stock Quantities. . . . .	162
6.6 Integrated National Economic Field. . . . .	164
6.6.1 Integrated National Economy Field: Flow Quantities. . . . .	164

6.6.2 Integrated National Economic Field: Stock Quantities . . . . . 166  
6.6.3 Basic Identity Equation among Macro Economic Variables . . . . . 167  
6.7 Conclusion . . . . . 172

Chapter 7

Gaming Simulation and the Dynamics of a Virtual Economy

Aim of This Chapter . . . . . 173  
7.1 Introduction . . . . . 173  
7.2 Assumption of Virtual Economy Gaming . . . . . 174  
7.3 Three Types of Gaming Simulation for a Virtual Economy. . . . . 176  
7.3.1 Dictator's View Model . . . . . 176  
7.3.2 Bird's Eye View Model . . . . . 176  
7.3.3 Human Gaming of a Bird's Eye View Model . . . . . 180  
7.4 Multi Player's Gaming Model . . . . . 182  
7.5 The Failure and Success of Economic Growth by Gaming . . . . . 184  
7.5.1 A Case of Failure: Crash . . . . . 184  
7.5.2 A Successful Case . . . . . 185  
7.6 A Multiplier Analysis of a Virtual Economy . . . . . 187  
7.7 Agent Based Simulation of Bird's Eye View Model . . . . . 189  
7.8 Long Term Growth Path . . . . . 190  
7.8.1 Maximizing Consumption Utility Case . . . . . 190  
7.8.2 Maximizing Investment Utility Case . . . . . 192  
7.9 Conclusion . . . . . 194

Chapter 8

Network Oriented Industrial Structures

Aim of This Chapter . . . . . 197  
8.1 What Is a Network?. . . . . 197  
8.1.1 A Network as a Platform . . . . . 197  
8.1.2 The Concept of a Network in Sociology, Economics, and Business Administration . . . . . 199  
8.2 Industrial Networks in the Software Industry. . . . . 200  
8.2.1 Network Platforms in the Information Industry. . . . . 200  
8.2.2 Industrial Structure as Connections of Objects. . . . . 204  
8.2.3 Knowledge Oriented Transformation in the Computer Industry. . . . . 206  
8.3 Networks of Medium and Small Enterprises. . . . . 209  
8.3.1 An Industrial Agglomeration Network . . . . . 209  
8.3.2 Providing an Industrial Agglomeration Network with Information Capabilities. . . . . 212

8.4 The Merits of a Network and Networks of Medium and Small Companies. . . . .	213
8.4.1 Inequalities that Reveal the Merits of Networks. . . . .	213
8.4.2 Two Possibilities of Knowledge Oriented Transformation of the Industry and the Centralization and Distribution of Knowledge. . . . .	214
8.4.3 Open Technology Society. . . . .	216
Notes. . . . .	217

## Chapter 9

### Learning Dynamics in Platform Externality

9.1 Platform Concept . . . . .	219
9.2 Platform Externality. . . . .	222
9.3 Model of Platform Externality and Lock In. . . . .	223
9.4 Bifurcation Analysis of Social Learning Dynamics. . . . .	231
9.5 Platform Goods and Technological Innovation . . . . .	232
9.5.1 Technological Innovation and the Product Lifecycle. . . . .	232
9.5.2 Examples of Platform Goods and Technological Innovation. . . . .	234
(1) Electric Power Network. . . . .	234
(2) ADSL Service. . . . .	234
(3) Game Machine Market and Competition among Business Models of the Market . . . . .	235
(4) Platform of Distribution Industry. . . . .	236
(5) Case Study of the Photocopier Market . . . . .	236
(6) Microsoft OS and Network Strategy. . . . .	237
9.5.3 The Technological Innovation Strategy of Platform Providing Companies. . . . .	238
(1) Competition of Service Goods. . . . .	238
(2) Competition among Platform Goods. . . . .	238
9.5.4 Institutional Design of a Platform-type Industry Structure . . . . .	239
9.6 Cultural Platforms . . . . .	240
9.6.1 Introduction . . . . .	240
9.6.2 Language and Culture as Platform Goods. . . . .	240
9.6.3 Competition and Coexistence of Cultural Elements. . . . .	241
9.6.4 Design of a New Civilization . . . . .	242
References. . . . .	245
Index . . . . .	255
