1 Introduction: democracy in divided societies	1
Democracy, ethnicity and ethnic conflict	3
Institutional engineering	5
The theory of centripetalism	7
Electoral engineering for conflict management	12
Types of electoral systems	14
Preferential voting	18
Centripetalism versus consociationalism	20
Conclusion	24
2 The historical development of preferential voting	27
From run-off elections to preference voting	28
The single transferable vote	31
The alternative vote	33
The supplementary vote	37
Conclusion	41
3 Centripetal incentives and political engineering in Australia	42
Introduction	42
Centripetal politics in Australia	44
Preferential elections in Australia	46

	Wider impacts	53
	Conclusion	56
4	The rise and fall of centripetalism in Papua New Guinea	58
	Democracy and ethnic conflict in Papua New Guinea	60
	The alternative vote in Papua New Guinea	68
	First-past-the-post in Papua New Guinea	81
	The reintroduction of preferential voting?	89
	Conclusion	92
5	Electoral engineering and conflict management in divided societies (I): Fiji and Sri Lanka compared	95
	The Fiji Islands	96
	Sri Lanka	112
	Conclusion	124
6	Electoral engineering and conflict management in divided societies (II): Northern Ireland, Estonia and beyond	129
	STV and the politics of accommodation in Estonia and Northern Ireland	130
	Other experiments: preferential voting in Europe and North America	141
	Conclusion	146
7	Technical variations and the theory of preference voting	149
	Introduction	149
	Single-member versus multi-member districts	151
	Optional versus compulsory preference marking	155
	Theoretical pros and cons	158
	Conclusion	164
8	Conclusion: assessing the evidence	167
	Incentives for moderation	171
	Iteration	172
	Fairness	174
	Mass versus elite activity	176
	Party system development	178
	Coalitions	179
	Centralism	180
	Bargaining and cooperation	182
	Psychological versus mechanical factors	183
	The significance of group demographics	185
	Conclusion	192
