|  |           |
|--|-----------|
| <i>List of Tables</i>  | viii      |
| <i>List of Figures</i>   | xi        |
| <i>List of Abbreviations</i>   | xii       |
| <i>Acknowledgements</i>  | xiii      |
| <b>1 Introduction</b>  | <b>1</b>  |
| 1.1 Strategies of fiscal adjustment  | 4         |
| 1.2 Economic and political factors influencing the adoption of different adjustment strategies | 5         |
| 1.3 Economic and political consequences of adopting different adjustment strategies            | 9         |
| 1.4 Five questions and hypotheses: a summary of the book's argument                            | 11        |
| 1.5 The structure of the study   | 13        |
| <b>2 Economics, Politics and Fiscal Policy</b>   | <b>17</b> |
| 2.1 Governments and economic policy  | 17        |
| 2.2 Fiscal policies in the European Union, 1970–2000   | 24        |
| 2.3 The economics of fiscal policies and fiscal adjustments                                    | 30        |
| 2.4 The politics of fiscal policies and fiscal adjustments                                     | 34        |
| 2.5 The five hypotheses of the book  | 41        |
| 2.6 Conclusion   | 44        |
| <b>3 Timing and Duration of Fiscal Adjustments</b>   | <b>45</b> |
| 3.1 What is a fiscal adjustment?   | 46        |
| 3.2 Strategies of fiscal adjustment: timing, duration and composition                          | 47        |
| 3.3 The timing of fiscal adjustments: the 'fiscal stress hypothesis'                           | 48        |
| 3.4 The duration of fiscal adjustments: the 'debt burden hypothesis'                           | 52        |
| 3.5 Economic and political factors during stronger consolidations                              | 66        |
| 3.6 Conclusion   | 70        |

|                       |   |            |
|-----------------------|---|------------|
| <b>4</b>              | <b>The Composition of Fiscal Adjustments</b>  | <b>73</b>  |
| 4.1                   | Why is composition of the budget important?   | 74         |
| 4.2                   | Economics, politics and composition of the budget   | 76         |
| 4.3                   | Composition of the budget during fiscal adjustments: the 'partisanship hypothesis'            | 82         |
| 4.4                   | Conclusion  | 91         |
| <b>5</b>              | <b>Fiscal Adjustments in the 1990s: Case Studies</b>  | <b>93</b>  |
| 5.1                   | The Maastricht Treaty and the decision of monetary union                                      | 95         |
| 5.2                   | Case studies: complying with the Maastricht criteria and the influence of political variables | 105        |
| 5.3                   | Conclusion  | 147        |
| <b>6</b>              | <b>The Economic Consequences of Fiscal Adjustments</b>  | <b>150</b> |
| 6.1                   | Fiscal policy and the macroeconomy  | 151        |
| 6.2                   | The 'economic trade-off hypothesis'   | 158        |
| 6.3                   | The economic impact of fiscal adjustments: means analysis                                     | 159        |
| 6.4                   | The economic impact of fiscal adjustments: parametric analysis during the 1990s               | 167        |
| 6.5                   | Conclusion  | 175        |
| <b>7</b>              | <b>The Political Consequences of Fiscal Adjustments</b>                                       | <b>177</b> |
| 7.1                   | Economic policy, fiscal adjustments and elections   | 179        |
| 7.2                   | The 'fiscal voting hypothesis'  | 181        |
| 7.3                   | The electoral consequences of fiscal adjustments – estimation results                         | 186        |
| 7.4                   | The post-Maastricht period  | 192        |
| 7.5                   | Conclusion  | 200        |
| <b>8</b>              | <b>Conclusion</b>   | <b>202</b> |
| <br><i>Appendices</i> |   |            |
|                       | Appendix 1: Cyclically Adjusted Budget Balances: The Commission's Method                      | 208        |
|                       | Appendix 2: Duration Models   | 211        |
|                       | Appendix 3: The Panel-Corrected Standard Errors Technique                                     | 214        |
|                       | Appendix 4: The Effect of the Budget Process on Fiscal Policy                                 | 217        |
