Abstract ix

INTRODUCTION	1
CHAPTER 1: COUNTRY OVERVIEW	3
Economic Structural Adjustment Program	4
Effects of the Drought of 1991–92	8
CHAPTER 2: ECONOMIC CHANGE AND POVERTY IN THE 1990S	11
CHAPTER 3: NONPARAMETRIC DECOMPOSITIONS	21
Nonparametric Density Reweighting	22
Summary of Nonparametric Reweighting Exercises	32
CHAPTER 4: PARAMETRIC METHODS	33
Regression Results	37
Decomposing Shifts in Poverty	43
CHAPTER 5: CONCLUSIONS	46
APPENDIXES	
Appendix A: ICES Data and Deflators	48

Appendix B: Density-Reweighting Exercises 50

NOTES 53

TABLES

1. Evolution of Zimbabwean Policies, Fiscal Years 1990–96 6
2. Key Economic Trends in Zimbabwe, 1990–96 10
3. Adult-Equivalent Consumption Expenditures and Their Distribution, 1990 and 1995 12
4. Distribution of Poverty Indexes, by Year 14
5. Employment Status of Urban Household Heads, Percent per Sector per Year 18
6. Urban Poverty Indexes and Changes, by Sector of Employment of Household Head 18
7. Percentage of Sample in Each Rainfall Class, by Year 30
8. Summary Statistics for Model Variables 35
9. Urban Area Welfare Regressions 38
10. Rural Area Welfare Regressions 41
11. Decomposition of Poverty Changes, Using Regression Results 44

FIGURES

1. Allocation of Central Government Budget, by Ministry 7
2. Evolution of Central Government Budget 8
- 3a. All-Zimbabwe Welfare Densities 15
- 3b. All-Zimbabwe Welfare Differences 15
- 4a. Urban Welfare Densities 16
- 4b. Urban Welfare Differences 16
- 5a. Rural Welfare Densities 17
- 5b. Rural Welfare Differences 17
6. Factors Influencing Household Well-Being 22
- 7a. Experiment 1: Reweighted 1995 Probability Density Functions for Urban Well-Being, Adjusted for 1990 Employment Distribution Levels 24
- 7b. Experiment 1: Difference between Actual 1995 Density and Reweighted 1995 Density 25
- 8a. Experiment 2: Reweighted 1995 Probability Density Functions for Urban Well-Being, Adjusted for 1990 Structure of Employment Patterns and 1990 Individual and Household Attributes 27

- 8b. Experiment 2: Difference between Actual 1995 Density and Reweighted 1995 Density 27
- 9a. Experiment 3: Reweighted 1995 Welfare Density for All Zimbabwe, Adjusted for 1990 Structure of Residence Location Decisions and 1990 Individual and Household Attributes 29
- 9b. Experiment 3: Difference between Actual 1995 Density and Reweighted 1995 Density 29
- 10a. Experiment 4: Reweighted 1995 Rural Well-Being Density, Adjusted for 1990 Rainfall Patterns 31
- 10b. Experiment 4: Differences between Actual 1995 Density and Reweighted 1995 Density 31
