

Traditional Rural Architecture and Building Methods in the Hills of Central-Eastern Nepal

Heinz Frick

« We have the atmosphere that you have in mind »

Detlev Kantowsky - Von Stidasiem lernen, Frankfurt 1985

Contents

Part I: Introduction

1. INTRODUCTION TO NEPAL	3
2. AN OUTLINE OF HISTORY:,-	5
3. SPACE PATTERN AND LAYERS OF ACCESS	7
3.1 Landmarks and mythology	7
4. CASTE AND.TRIBE ORDER >.	9
4.1 Aboriginal-group	10
a) Newar people	10
b) .Kiranti people	10
4.2 Paharia-group	11"
a) The Sherpa society	•....11
"b) Tamang people	12
c) Thami and Pahari people	12
d) Sunwar and Jirel people	12
4.3 Parbatiya-group	13
a) Brahmans	13
b) Khatri Chhetri	13

Part II: Traditional Architecture

1. HOUSING AND SETTLEMENT	17
2. TRADITIONAL ARCHITECTURE IN NEPAL	19
3.-PREPARATION AND-"STRUCTURALISM*OF CASE STUDY	22'

Part III: ..Architecture.and building construction studies

I. BUILDING CASE STUDIES, ACCORDING TO FORM	29
1.1 Aboriginal people's.house	30
a) Newar houses	30
b) Rai housfessf.? >	33

1.2	Mongolo/Tibeto Birmese people's houses	34
a)	Sherpa houses	34
b)	Tamang houses	41
c)	Sunwar houses	46
d)	Jirel houses	50
1.3	Europoid/Indoaryan people's houses	54
a)	Brahmin houses	54
b)	Chhetri houses	55
c)	Khatri houses	59
d)	Kami houses	62
e)	Magi houses	65

Part IV: Building materloh techniques and trade

1.	NATURAL STONES AS CONSTRUCTION MATERIAL	69
1.1	Stone masonry	69
2.	COMMON SOIL AS LOCAL CONSTRUCTION MATERIAL	71
2.1	Common soil as mud mortar	72
2.2	Common soil as flooring material	73
2.3	Common soil as mud plastering	74
2.4	Colour and white washing	75
3.	TIMBER AND BAMBOO AS CONSTRUCTION MATERIAL	76
3.1	Bamboo as construction material	76
3.2	Timber as construction material	80
a)	Deciduous trees	80
b)	Evergreen trees	81
c)	Conifers	82
3.3	Timber skeleton construction	84
a)	The timber workmanship	84
b)	Column, head and framework of binders and joists	86
c)	Roof constructions	88
3.4	Window and door constructions	90
4.	NATURAL ROOFING MATERIALS	95
4.1	Thatching material	95
a)	Methods of applying khar on the roof	96
4.2	Slabstone roofs	96
a)	Dark grey to black slabstones	97
b)	Grey to greenish slabstones	97
c)	White-grey slabstones	97
4.3	Wooden shingles roof	98

Part V: Ritual and consecration in traditional building construction

1. ORGANISATION OF WORK AND LABOUR	101
2. MYSTICAL COMPREHENSION OF BUILDING PROCESS	102
2.1 Hindu treatises on architecture	102
2.2 Organisation of building process	104
3. PRINCIPALS OF RITUAL PURITY	110
3.I The four varnas in architecture	112
4. SUMMARY AND CONCLUSIONS	114

Part VI; Appendix

1. DISTRICT PROFILES AND MAPS	121
1.1 District profiles of target area	121
a) Dolakha	121
b) Okhaldunga	121
c) Ramechhap	122
d) Sindhupalchowk	122
e) Solu Khumbu	123
1.2 Map with building case studies	124
2. GLOSSARY	125
2.1 Illustrations	128
3. INDEX	129
4. SELECT BIBLIOGRAPHY	133
Fold-out of space code
